DIRECTIONS FOR USE

Ensure the surface is clean, dry, and free from all dirt, grease and wax.
Shake and stir contents thoroughly before use.
Apply the knotting solution liberally with a brush over and around the knot and resinous areas.
If the knot is very resinous apply a second coat.
Allow to dry before applying any primer or undercoat.
Use Knotting more sparingly with water based systems and lightly rub down before priming.
Touch dry 15-20 minutes, can be reapplied after 30 minutes.
After use clean brushes with Methylated Spirits.
