DESCRIPTION

UNI is our collection of modern, handle-less furniture and ceramics to allow you to create a contemporary bathroom set up.

The UNI wall hung pan has a sleek design and has a modest projection of 52cm allowing it to work in compact and larger bathrooms. It also has rimless flush technology, meaning there is no obvious rim around the inside of the pan and instead has a clean look. This also prevents the build up of limescale and bacteria which will ensure your pan is hygienic and easy to clean, which is perfect for busy family bathrooms.

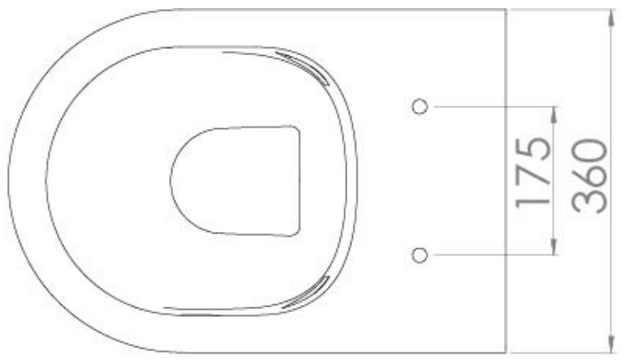

Create a tidy bathroom space and opt for a wall mounted pan; you can hide the framed cistern by having it built into the wall or a WC unit as well as save on floor space.

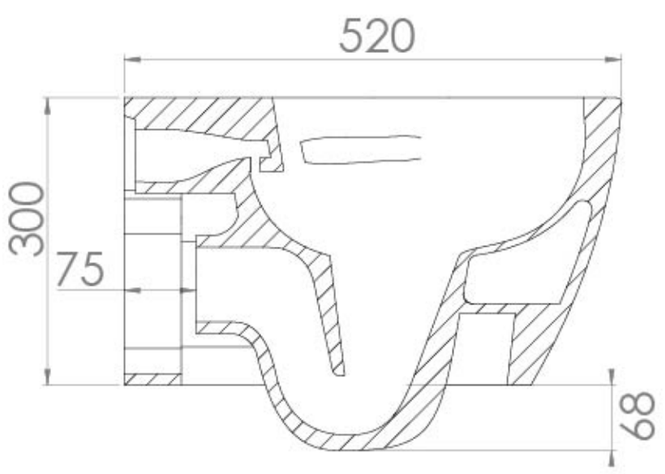

*Seat sold separately
Compatible seats: 66101, 66102W

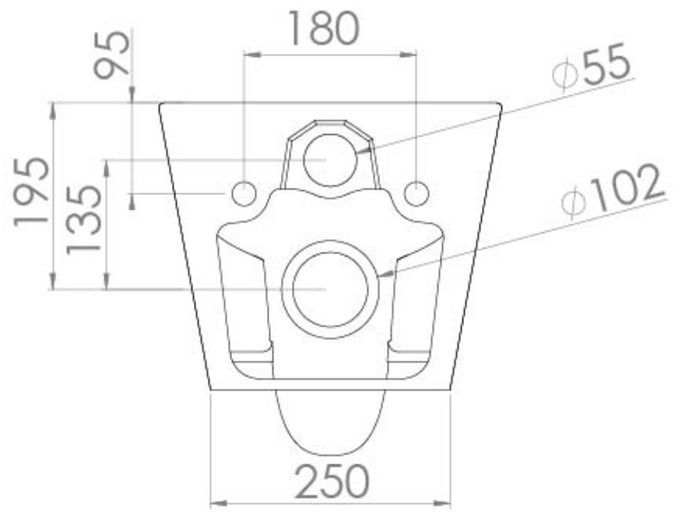

For optimal performance, we recommend pairing wall mounted rimless pans with a high-level concealed cistern set at 6/3lt flushing.

See our FLUSHE 2.0 range for compatible WRAS approved concealed cisterns.
